N755

SAUNA SCENT BIRCH

This package contains a little piece of Finland, one of the happiest, greenest and cleanest countries in the world. Put the fragrance bag into a bowl and add hot water. Allow the bag to soak in the bowl until the sauna has heated, or around 20 minutes. Throw a cup of water or so on the stove at regular intervals and enjoy the scents of Finnish summer in your own sauna.

- Ingredients: Dried birch leaves
- Single pack
- Made in Finland
