

- 100 % Recycled Polyester with Matte-Look PU coating
- PVC free
- Water repellent fabric
- Size: 53 x 24 x 27 cm
- Capacity: 28 litres
- Minimalist styling
- Extra long main compartment zip for easy access
- Zippered internal valuables pocket
- Double layer base panel for durability
- Self fabric handle wrap
- Webbing carry handles
- Can be carried by hand or over the shoulder

**How to print:**

- Before you begin, ensure you have your transfer ready (for example, a DTF or vinyl transfer), a polyester felt sheet and a Teflon cushion.
- We recommend using a flat heat press.
- Set the heat press to 145 degrees.
- Load the BG338 so it lies flat on the heat press, cover with a polyester felt sheet and prepress for 5 seconds to remove moisture and any creases. The polyester felt offers a cushion when pressing, stopping any indentation from the edges of the transfer.
- Position the transfer and secure with heatproof tape. Use a Teflon cushion to elevate printing area if required.
- Cover once again with the polyester sheet so no part of the material comes into direct contact with the heat press plates.
- Press for 15 seconds on a light pressure (28-32psi).
