SUNGLASSES BLUES ALDER

A timeless classic, the wooden version of the brilliant Blues Brother's design; With these wooden Alder Sunglasses you can show up with the relevant elegance at a summer party or on a boat.

A warm tone of Finnish alder gives a great look to these sunglasses. Alder is traditionally used for smoking fish and also as a material for sauna benches. Each layer is carefully cross-woven and forged together, making frames extra durable and lightweight! Brown lenses provide the finishing touch. These sunglasses are truly one-of-a-kind.

All Aarni sunglasses are delivered with a handy sunglass case made of cork.

- Lenses: Brown – CR39, 100% UV Protection
- Wood Material: Finnish Alder
- Carbon Core™ – The carbon fiber layer laminated between wood layers for extreme durability
- Hinges: Stainless steel spring hinges for a perfect fit

Please note that wood is a natural material and products may vary in colour and tone within the same wood species.
